

## MATERIAL SAFETY DATA SHEET

**Company Identification**

Company name	ARKRAY Factory, Inc.
Address	1480 Kojjumedata, Konan-cho, Koka-gun, Shiga 520-3306, Japan
Division	Quality Control
Telephone	(0748) 86-7329
Facsimile	(0748) 86-7352
Urgent Contact	ARKRAY, Inc.
	Production division
Telephone	(075) 662-8958
Facsimile	(075) 661-9435
Date of Issue	18-Mar-99
Date of Revision	17-Dec-01

<b>PRODUCT NAME</b>	Exclusive Standard Solution for OSMO STATION	
<b>SUBSTANCE IDENTIFICATION</b>	Constitution (single/ mixture)	:Mixture
	Chemical name	: -
	Ingredients and content	: Less than 0.1% of sodium chloride; less than 0.1% of Sodium azide.
	Chemical /Structural formula	: -
	Reference No. in gazette	: -
	CAS No.	: -
	U.N. Classification	: -
	U.N. No.	: -
<b>HAZARDS IDENTIFICATION</b>	Classification Name	: No applicable classification
	Degree of danger	: Stable at the normal handling
	Toxicity	: Skin contact may causes inflammation or eczema.
<b>FIRST AID MEASURES</b>	Eye Contact	: Immediately flush with copious water at least 15 minutes, and then see a doctor for a checkup.
	Skin Contact	: Take off contaminated clothing and footwear. For the skin, wash off the material with copious water. See the doctor, if necessary.
	Inhalation	: Move the inhaled person to the place where he/she can breathe fresh air. Wrap the person in a blanket to keep warm and give a rest. Blow the nose and gargle. See the doctor, if necessary.
	Ingestion	: Wrap the person in a blanket to keep warm and give a rest. : Wash the mouth and drink a large amount of water or salted water. Do not force to vomit . (When the person is unconscious, never give anything orally nor induce vomiting.) See the doctor immediately for the medical treatment.
<b>Combustibility</b>	: Nonflammable	
<b>Accidental Release Measure</b>	: Wash the material off with copious water.	
<b>Handling and Storage</b>	Handling	: Avoid skin and eye contact.
	Storage	: Avoid direct sunlight. Close the container completely and keep them in a cool and well ventilated place.

<b>Exposure Control / Personal protection</b>	Concentration for contro : Not regulated Acceptable Concentration : Not regulated Protection for facilities : Not necessary Protective tools : Wear protective clothing, including glasses or gloves, if necessary.
<b>Physical and Chemical Properties</b>	Appearance : Colorless transparent liquid Solubility : Easily soluble in water Liquid Characteristics : Neutral
<b>Stability and Reactivity</b>	: Stable under normal conditions
<b>Toxicological Information</b>	Irritation (skin / eye) : Slight skin irritation. Mucous inflammation or eczema may occurs. Sensitization : No specific data is available Acute toxicity : No specific data is available Chronic Toxicity : No specific data is available Mutagenicity : No specific data is available Carcinogenicity : No specific data is available Tetrogenicity : No specific data is available Reproductive toxicity : No specific data is available
<b>Ecological Information</b>	Biodegradability : No specific data is available Bioaccumulation : No specific data is available Ichtyotoxicon : No specific data is available
<b>Disposal Considerations</b>	: Dispose used product as infectious medical waste by following local regulations. : For unused product, run copious water to dispose.
<b>Transportation considerations</b>	: Ensure no leakage from container. Ship them with taking care not to tumble, drop or damage them.
<b>Regulatory Information</b>	: Guideline of medical waste disposal based on the waste processing law (Health, Labor, and Welfare Ministry)
